HEALTH OFFICER'S REPORT

During the past year we had three cases of Scarlet Fever. All in one family.

Fortunately they were discovered before School opening and we were able to isolate them so that there was no spread of the disease.

Otherwise the general health of the Community was good.

I have sent samples of water to be analyzed, the reports were good. Also samples of milk and cream with same results.

I have inspected all toilets in Schools and Rest Rooms.

I have inspected two Maternity Homes. Also four Foster Homes and signed applications.

I have investigated all complaints and abated several nuisances.

Respectfully submitted,

WILLIAM H. CARR,

Health Officer.

GIFTS

Presented by:

Mr. Willis Cogswell, a complete set of U. S. Fractional Currency, the five issues. These are mounted and framed and hang above the case containing the paper currency, presented by Mr. Cogswell last year.

Mr. Cogswell also presented a painting of the "Old Stone Bridge" which was built in 1835. This painting was done by Mr. G. L. Allen of this town, and is very much admired.

The Fish and Game Club of Henniker, presented two copies of Biological Survey of Water Shed of Merrimack County, by the Fish and Game Depart-

ment. One copy is for reference and the other for circulation.

Paul Hooper gave us 13 books for boys.

Mrs. Verna Leaf Milligan presented about eighty books, consisting of fiction and non-fiction, a very acceptable gift.

Miss Julia Hanson, presented a pair of very old dark blue vases.

Mrs. Rena Farrar—Two Farmer's Almanac's — dated 1789 and 1817.

Mrs. Kelly—Vol. 1 of "Messages and Papers of the presidents.

Book Week was observed as usual and the decorations were in evidence on the "Christmas Trees" through the holidays and as there was no flood or hurricane to interfere the regular schedule of Library work was carried on.

Many thanks to our friends and patrons; we enjoy every minute of the time in our work and appreciate all the courtesies shown us.

Respectfully submitted,

FANNIE W. BENNETT,

Librarian.

MARION B. GARLAND,

Assistant Librarian.

The above tabulation shows that about six more half-sessions were lost this year than during the previous year. This was due to the hurricane and stormy days during the winter. The average membership was about fifteen less than that of the previous year and the percent of attendance much better. The tardiness per pupil has also decreased, but is still higher than it should be. The number of pupils registered was 296. Of these four were elementary tuition pupils, and three high school tuition pupils. This makes the number of pupils residing in the district and attending public schools 289. This is 19 less than last year.

At Christmas time 1939 the high school facilities for visual education were greatly improved by the presentation of a 16 mm moving picture machine with sound projector and recording attachment by the Cogswell Benevolent Trust. This also opens the way to a course in music appreciation which can be started as soon as the necessary graphophone records can be secured. In behalf of the pupils and teachers we wish to thank those responsible for this great gift to the school. It makes possible much improvement in our visual and musical education.

At the Central building there is need of new toilets, and lowering the black boards in the rooms for grades I and II. The piano in this building is in great need of repairs. As a good second-hand instrument can be purchased for about $35.00, it would probably be more economical to buy one of these than to repair the old one. The stage and seats in the hall in this building should also be repaired. For most occasions when an assembly of the elementary pupils is necessary this hall could be used to better advan-

tage than the gymnasium in the high school building. It is nearly always warm, costs less to heat and is much better adapted to elementary school use. In connection with this topic we would suggest that we believe the cost of heating the high school gymnasium could be reduced considerably by the installation of a modern fan or blower system.

In general satisfactory progress was made in all departments of school work. We wish to express our appreciation of the cooperation of the board, teachers and parents in making this possible.

Respectfully submitted,

JOHN A. SINCLAIR,

Superintendent of Schools.
